

# Diyode Makers Club Membership Agreement

The Diyode Community Workshop is a place for creative, social experimentation in the fields of technology, craft, science and media.

Membership in Diyode Makers Club requires a commitment to the ideals and aims of the club, respect and co-operation with other members, a monetary commitment to the upkeep and improvement of the Club, and agreement with the Constitution of the Club.

Membership grants a right to take part in Club activities, to share in Club resources, and to vote at General Meetings of the membership.

By signing this document, witnessed and sponsored by two fellow existing members, you agree:

1. That you have read and agree to the terms of the Diyode Makers Club Constitution, and that you agree to follow the guidelines and rules laid out therein.
2. That you will respect likewise any future amendments to the Constitution as made by the membership by due process, irrespective of your personal votes or opinions on the matter.
3. That you will pay monthly membership dues, and that you understand these dues may change at the will of the group membership quorum.
4. That you will likewise pay a deposit of one month's dues when joining, which will be retained by the Treasurer in case of failure to pay membership dues or damage caused to the Workshop. (You will be returned the deposit if desired upon terminating your membership, if no outstanding debts or damages remain.)
5. That your participation in The Diyode Makers Club is a commitment to be a respectful and respectable member, and that you will not participate in any discrimination, insult, harm or disparagement against another member.
6. That you will help in the manual upkeep of the Diyode Community Workshop and its equipment.
7. That you will not compromise the security or comfort of the Diyode Community Workshop, and you will not invite into the Workshop anyone with a known intention to do so.
8. That you understand the risks in using the Workshop tools, and take responsibility for your own safety and well-being.
9. That any tools listed by the Club as 'High Risk' will require completion of a Use and Safety Course before you use them.
10. You will not smoke or use any illegal drugs on the premises.
11. While not at the workshop, you will confine your belongs to your allocated storage space.
